Subject: PERSONNEL MATTER

On 1/4/94, the Photographic Laboratory of FBI Headquarters completed an extremely large photo production project relating to the "PLATE BLOCK" investigation (58C-WF-180673) (C-9). This project, which proved to be the second largest photo production project in the history of the Photo Lab, yielded a total of 25,500 photographs which were printed from negatives which were subpoenaed in the aforementioned matter.

It was necessary that Lab make two copies of each of the photos which were printed from the subpoenaed negatives. Due to the manner in which the Lab performed this task, the two sets of prints were not provided in separate sets. The duplicate photos were provided consecutively, grouped and labeled according to the particular batch of negatives which was printed.

As the United States Attorneys Office for the District of Columbia needed these photos for the purpose of providing them to the Federal Grand Jury hearing this case, there became an urgent need to separate these photos and create two complete, accurately labeled sets of photographs, one to be provided to the Grand Jury and the other to be retained in FBI evidence.

A request was made to FS [redacted] on 1/4/95 for assistance in this matter. FS [redacted] expeditiously organized a support team to deal with this task which began working on this project the next morning. This team, which consisted of IMA [redacted] ECT [redacted] FC [redacted] [redacted] FC [redacted] and FC [redacted] worked

throughout the day and into that evening to complete this extensive and very tedious project. As a result of the efforts of these individuals, these photographs were provided to the prosecution team in a timely manner and Grand Jury process in this highly sensitive matter was not delayed.

The personnel who assisted in this project deserve recognition for the substantial contribution that they have made in this case.

[redacted]  
[redacted] was interviewed at  
her place of employment. [redacted] is the [redacted]  
[redacted] After being advised of the official  
identity of the interviewing Agent and the nature of the  
interview, [redacted] provided the following information:

b6  
b7C

[redacted] was shown a copy of a note which thanked Rep. DAN  
ROSTENKOWSKI for place settings of china. [redacted] examined the copy  
and advised the interviewing Agent that the writing in the note  
was her own, although she did not specifically recall writing the  
note. [redacted] advised that she was sure, however, that this  
particular note was in response to receiving at least one place  
setting, or more probably two place settings of china at the  
occasion of her wedding to her husband, [redacted] advised that  
she owns 15 place settings of Lenox Royal Peony pattern china,  
all of which was received for gifts at her wedding.

[redacted] further advised that she had no specific  
recollection of receiving any china whatsoever from ROSTENKOWSKI,  
although the note she was shown prompted her to state that she  
must have or she would not have written the note thanking the  
Congressman for it. [redacted] advised that all 435 members of the  
House of Representatives were invited to the wedding at [redacted]  
insistence, although only two or three Members actually came.  
[redacted] did recall, however, that ROSTENKOWSKI did not attend the  
wedding ceremony.

b6  
b7C

[redacted] advised that she was unsure exactly how she  
received the china, as gifts were received at the wedding and at  
[redacted] and other individuals  
assisted with the presents. Other than the thank-you note copy  
which she was shown by the investigating Agent, she was aware of  
no other correspondence or communication of any kind with  
ROSTENKOWSKI regarding this gift of china,

[redacted] advised that she would make available one setting  
of the china to be photographed.

Enclosed with this communication is one Federal Grand Jury subpoena.

For the information of the Philadelphia Division, Plate Block is the code name of the investigation which includes, among others, Rep. DAN ROSTENKOWSKI of Illinois.

Investigation into this matter currently includes purchases made by ROSTENKOWSKI at the U.S. House of Representatives Office Supply Store (OSS) in Washington, D.C. These purchases under investigation are items obtained from the OSS, allegedly for official use, which actually were personal items that were kept by ROSTENKOWSKI or given by him as gifts to other individuals. These items were paid for by U.S. Treasury funds and include decorative, inscribed House of Representatives chairs, crystal sculptures of miniature U.S. Capitols, fine dining china, expensive luggage and glassware. ROSTENKOWSKI purchased in excess of \$50,000 in goods from the OSS for himself or as gifts.

The United States Attorney for the District of Columbia (USA) has requested that an attempt be made to locate

It is anticipated that, although no specific information exists that [REDACTED] received any of the aforementioned gifts from ROSTENKOWSKI, an interview with this individual will also locate additional gift items purchased through the OSS.

It is requested that [REDACTED] be located and thoroughly interviewed regarding his past and current relationship with ROSTENKOWSKI. The address provided to Philadelphia is the most recent available address for [REDACTED]. Should [REDACTED] have received one or more of the aforementioned items, all details of why he received the gift as well as how and when the gift was received should be obtained. All correspondence regarding these gifts, if available, should also be obtained. All substantial items, other than calendars or other inconsequential items given to [REDACTED] by ROSTENKOWSKI's Congressional office, should be photographed.

SUBJECT : PLATE BLOCK  
OO:WF

Enclosed for receiving offices are Federal Grand Jury subpoenas pertaining to the leads set out in this communication.

For the information of Las Vegas, Salt Lake City and San Diego, Plate Block is the code name of the investigation which includes, among others, Rep. DAN ROSTENKOWSKI of Illinois.

Investigation into this matter currently includes purchases made by ROSTENKOWSKI at the U.S. House of Representatives Office Supply Store (OSS) in Washington, D.C. These purchases under investigation are items obtained from the OSS, allegedly for official use, which actually were personal items that were kept by ROSTENKOWSKI or given by him as gifts to other individuals. These items were paid for by U.S. Treasury funds and include decorative, inscribed House of Representatives chairs, crystal sculptures of miniature U.S.

Capitols, fine dining china, expensive luggage, glassware and other items. ROSTENKOWSKI purchased in excess of \$50,000 in goods from the OSS for himself or as gifts.

The United States Attorney for the District of Columbia (USA) has requested that an attempt be made to locate as many of these gift items as possible and that the recipients of the gifts be interviewed as to the circumstances of their receipt of these gifts. The USA has also requested that these interviews be conducted as soon as possible.

Investigation into this matter has developed numerous names of persons who are close friends and associates of ROSTENKOWSKI. Interviews conducted, to date, have had a high level of success in locating these gift items. The names associated with this particular lead are persons who have hosted or sponsored ROSTENKOWSKI fundraisers, receptions or other political events that benefitted ROSTENKOWSKI. It is anticipated that, although no specific information exists that these persons received any of the aforementioned gifts from ROSTENKOWSKI, these interviews will also locate additional gift items purchased through the OSS.

It is requested that these people be located and thoroughly interviewed regarding their receiving the aforementioned items or any other items from ROSTENKOWSKI. The addresses provided to receiving offices are the most recent available employment addresses of these persons. These individuals should be interviewed regarding their relationship with ROSTENKOWSKI and should the person have received one or more of the aforementioned items, all details of why they received the gift as well as how and when the gift was received should be obtained. All correspondence regarding these gifts, if available, should also be obtained. All substantial items, other than calendars or other inconsequential items, should be photographed.

Additionally, the enclosed subpoenas which call for the production of certain items should be served on the individuals. Generally, all items except the congressional chairs should be obtained from the individual, receipts provided, entered into evidence and returned to OO. It is anticipated that these items obtained will eventually be returned. If items are discovered which are not the aforementioned items, OO should be notified as to the nature of the gifts and instructions will be provided as to whether these items should be receipted and taken into evidence.

It is requested that the following individuals be interviewed regarding this matter. Questions regarding this matter may be referred to SA  Northern
